

MILE 1 PARTS & LABOR WARRANTY

As an added benefit for Platinum Members we are including a Mile 1 Parts & Labor Warranty. This program is exclusive for Platinum Members.

Not only do your customers get the extended **36 Month / 36,000 Mile** warranty but you also receive (4) Parts & Labor Claims that can be used for warranty work to be performed at your shop. The same items covered and/or not covered as provided by the standard warranty will also apply to the Mile 1 Warranty program.

If your customer has a warranty claim, they should return to your shop for diagnosis. Upon decision of warranty eligibility, the shop should call the warranty administrator at **1-877-342-9615.**

Parts & Labor Claim Provisions:

- Warranty reimbursement is for 36 months or 36,000 miles, whichever comes first
- Installers are provided (4) claims in a 12-month period
- Installers can receive a three-hour labor max at \$75 per hour
- Reimbursement benefits are only available to current shops enrolled in the Platinum Program
